

about 20,000 in number, but poorly armed and of miserable material.

There was a small pronouncement at the city of Mexico, which was easily put down by Gen. Bustamante. It was got up by factions of the populace party, and of Gomez Farias' party. Their cry was, down with Santa Anna, but the President at interim still maintained his power and influence.

We have about 6000 men at Puebla under the command of Worth and Quitman.

Gen. Scott will remain at Puebla until he is reinforced. Gen. Bravo is in command of the army at the capital.

Gen. Scott was at Puebla at the last accounts. The editors of El Arco Iris had received dates from the capital 2d of June. Santa Anna had a second time sent in his resignation of the Presidency; Congress had not, however, up to that time, accepted it; he had also made a formal resignation of his office, as commander-in-chief of the army, which, like his resignation of the Presidency, remained in abeyance, Congress not having acted upon either. Rejon and five other Generals, whose names are not given, have been arrested and sent to the different States for confinement.

The gallant Capt. Walker has commenced his work of retaliation on the guerrillas. On the morning of the 8th inst., he started with his command from Perote, on an expedition of some distance into the interior. During the expedition he succeeded in capturing 19 guerrillas and an Alcade. He has employed them in cleaning the streets and sinks.

A letter has been received in Vera Cruz on the 15th inst., previous to the sailing of the Galveston, direct from the headquarters of Gen. Scott, stating that Gen. Scott had issued orders for the removal of the Government stores from Vera Cruz to Tuspan. This change was said to be in part owing to the sickness in Vera Cruz, and because communications could be more easily kept up between Tuspan and Puebla than between the latter place and Vera Cruz.

Santa Anna's Favorite Retreat.

The New Orleans National states that twelve miles beyond Cerro Gordo is the hacienda of Santa Anna. As this distinguished functionary owns pretty much the whole country between Vera Cruz and Jalapa, he finds it convenient to have two other residences; but the hacienda near Cerro Gordo was his favorite retreat. Here it was he lived in dignity, previous to the disastrous battle that lost him his presidential office and his popularity among his people. It was a bold dragoon Major who, first of our army, entered this princely abode; he gazed with astonishment at the surrounding splendor, and had not proceeded far to examine, before the name of Gen. Santa Anna met his sight, and informed him where he was. The residence was characterized by a species of oriental splendour; fourteen large rooms crowded upon each other, filled with costly ottomans, from the walls which were suspended rare works of art. Every thing had been precipitately abandoned; upon a centre table in one of the principle saloons lay an unsealed note on the writing of the Dictator. It stated that "he left every thing to the mercy of a generous enemy."

The Major peered about as if he had an Arabian enchantment: he examined attentively the pictures, and coveted a saddle with costly trappings and stirrups of gold inlaid with silver; he peeped into a little recess, and his heart throbbled—there was a couch for a princess. Upon the adjoining tables were scattered costly perfumes; and on the floor, as they had abandoned two pretty Spanish feet, was a pair of elegantly wrought, yet tiny slippers. The Major was a gallant man and an honorable one—dragoon as he was, he could forego the saddle and stirrups, gold though they were—but he wanted a trophy, and he placed the slippers in his pocket with a thrill at their feel that would have done honor to a powerful galvanic battery. Yet his heart smote him, and he placed the treasures back, and walked into the more exposed parts of the house. He went into the neighboring pounds and viewed the splendid cattle and horses that were luxuriating in ease: when, presently, there dashed by an aid of Gen. Scott ordering the Dragoons to pursue the retreating Santa Anna. In an instant the Major was mounted, and his men followed with a yell of delight. A few hours elapsed when he returned to the splendid hacienda. What a change! the fine cattle had been driven off, the saddle still remained, but the gold and silver was gone. The pictures were destroyed, and hung in fragments from their frames; the splendid cushions had been cut asunder, and the mirrors broke into a thousand fragments. So ended an incident in the drama of this Mexican war.

Discovery of a new Island.

Capt. J. Paulson, of the Danish ship Triton, reports that on the 26th of March, while on his passage from Santa Cruz to London, he discovered an island, upon which he landed and walked round in about half an hour. It was covered with green grass and bushes, and while the captain was taking an observation, the crew came and told him that they had discovered the body of a dead man. Proceeding to the spot, he found it in a cave, in a perfect state apparently, but dried up, with long whiskers and beard, and long yellow hair. He found also an oval box, on which some letters were inscribed, and a small boat, partially constructed, which was fastened together with something, but could find no nails. The whole of these on being handled crumbled into dust. He found the latitude to be 33 19 N., and longitude 42 39 W., by chronometer. He judged the island to be from sixty to seventy feet in height. He planned the Dutch colors on it and proceeded on his voyage.

A steer, 7 years old, raised in Bath county, Kentucky, by Mrs. Anderson, which weighed 3200 pounds on foot, has been pronounced by judges to be the fattest ox ever seen in the Cincinnati market.

By the last accounts, wheat was selling for 37 cents the bushel, in Wisconsin.

FOURTH OF JULY.—On this day of festivity and joy, when we are all prone to indulge in the good things of this life, and not infrequently to excess, let us not forget that overloading the system, either with food or drink, especially at this season of the year, is often attended with the most serious consequences. If any, however, should inadvertently overstep the bounds of prudence, they should bear in mind that Wright's Indian Vegetable Pills are certain to prevent all evil results from impropriety of diet; because they thoroughly cleanse the stomach and bowels from those bilious and corrupt humors which are the cause of colic pains, dysentery, cholera morbus, and other disorders of the bowels.

Wright's Indian Vegetable Pills also aid and improve digestion, and therefore give health and vigor to the whole frame, as well as drive disease of every kind from the body.

Beware of Counterfeits.—The public are cautioned against the many spurious medicines, which in order to deceive are called by names similar to Wright's Indian Vegetable Pills.

A CARD.

D. J. V. MATTISON respectfully announces to the people of Stroudsburg and vicinity, that he has permanently located at Stroudsburg, for the purpose of practicing medicine, where he hopes by strict attention and great care to merit the patronage of those who may employ him. Dr. M. also takes this method of informing those who are afflicted with diseases of long standing, that he has, for a few years past, devoted much time and attention, and has had ample opportunity, such as only a hospital affords, of investigating diseases of a chronic character, and he flatters himself that those calling upon him laboring under this class of disease will meet with prompt and immediate relief.

He will be found at his room at the Mansion House, ready to consult with those who may favor him with a call at all hours when not absent on professional business. June 24, 1847.—t. f.

Notice to Collectors.

The Collectors of County and State Taxes are hereby notified to pay to the Treasurer all arrears of Taxes, due on their Duplicates, on or before the 21st of June next. The Commissioners will meet at their office on that day, to grant necessary exonerations. The increased expenses of the county, in consequence of building the public offices, and a reduction of the county tax for the present year, is warranted only by their determination to require a speedy and full settlement of the Duplicates now in arrears. We trust this appeal will not be in vain; and that the promptitude of the taxpayer will enable you to make a full payment of all arrears on that day.

JOHN KERN, MELCHOIR DREHER, HENRY WEISS, Commissioners. Commissioners' Office, Stroudsburg, May 13, 1847.

It is Written

In the Book of Nature and Common Sense, that the natural vegetable productions of every country are, if properly applied, are amply sufficient for the cure of every malady incident to each peculiar climate.

Wright's Indian Vegetable Pills, of the North American College of Health, are composed of plants which grow spontaneously on our own soil, and are therefore better adapted to our constitutions than medicines concocted from foreign Drugs, however well they may be compounded; and as they are founded upon the principle that the human body is in truth

Subject to but One Disease, viz: corrupt humors, and that said medicine cures this disease on

Natural Principles by cleansing and purifying the body; it will be manifested, that if the constitution be not entirely exhausted—a perseverance in their use, according to directions, is absolutely certain to drive disease of every name from the body.

When we wish to restore a swamp or morass to fertility, we drain it of the superabundant waters; in like manner if we wish to restore the body to health, we must cleanse it of impurity. Wright's Indian Vegetable Pills will be found one of the best, if not the very best medicine in the world for carrying out this Grand Purifying Principle, because they expel from the body all morbid and corrupt humors, the cause of disease, in an easy and natural manner; and while they every day Give Ease and Pleasure, disease of every name is rapidly driven from the body.

The following Agencies have been established for the sale of Wright's Indian Vegetable Pills, in
